

### Nomination Deadline Advanced to Friday Noon

The deadline for nomination of candidates in the coming charter commission election is advanced 12 hours, it was announced this morning. Petitions signed by at least 10 voters of each block must be in the community services offices by noon Friday, Oct. 30, Philip W. Barber announced. The deadline was formerly set at midnight, Friday.

Barber also revealed that a lively competition is developing between blocks to see how many voters can be registered on Saturday and Sunday. Block leaders are making personal calls in some instances to encourage all persons 18 years of age and older to register for the election.

Several blocks have presented petitions already and Barber anticipates a steady flow of nominations until deadline.

Ballots will be mimeographed and samples posted as soon as they are ready. A complete list of candidates will be published in the Sentinel appearing Saturday morning.

### Orthopedic Treatment to Be Given at Powell

Children under the age of 12 and in need of orthopedic treatment will be cared for at the Crippled Children's conference to be held in Powell on Tuesday, Nov. 10. Dr. Gordon Whiston, orthopedic surgeon from Casper, will be there to examine crippled children in this area. Parents interested in having their children examined should report to the Center hospital at the office of Dr. Charles E. Irwin, principal medical officer, not later than Saturday, Oct. 31.
